- (h) any new light duty motor vehicle, having a new light duty motor vehicle engine, forming part of a manufacturer's total annual sales volume in Ontario, where such total annual sales volume does not exceed 100 new light duty motor vehicle engines.

EVAPORATIVE EMISSIONS

4.—(1) For the purposes of this section,

- (a) where the records of a manufacturer of his sales in Ontario of new light duty motor vehicles in any year are not available or are inadequate for the selection of new light duty motor vehicles and new light duty motor vehicle engines for a model year for testing under subsection 5, the manufacturer shall make selections of new light duty motor vehicles and new light duty motor vehicle engines on the basis of his total sales of new light duty motor vehicles and new light duty motor vehicle engines; or
- (b) where any motor vehicle manufacturer is subject to the terms and conditions of the

Canada-U.S. Automotive Products Trade Agreement, he may, when selecting new light duty motor vehicles and new light duty motor vehicle engines for a model year for testing under subsection 5, base his selection on the records of his sales for the area covered by the Agreement.

(2) Where a new light duty motor vehicle is tested prior to the application by a manufacturer for approval to sell new light duty motor vehicles in Ontario, the evaporative emissions from such motor vehicle shall not exceed 6 grams of hydrocarbons per test.

(3) The requirements of subsection 2 apply to a composite value calculated under subsection 7 from results obtained in tests of evaporative emissions from the operation of the new light duty motor vehicles in accordance with the test procedures set out in paragraphs 3, 4 and 5 of subsection 5.

(4) Where the composite value calculated under subsection 7 for a new light duty motor vehicle having a new light duty motor vehicle engine of a specified engine displacement does not exceed the amount of hydrocarbon evaporative emissions set out in subsection 2, every new light duty motor vehicle having a new light duty motor vehicle engine of that specified engine displacement shall be deemed to comply with the requirements of subsection 2.

(5) Procedures for selecting, testing and inspecting evaporative emission control systems or devices installed on or incorporated in new light duty motor vehicles to prevent or lessen the emission into the outdoor atmosphere of evaporative emissions from the operation of such new light duty motor vehicles, shall be as follows:

1. Where a manufacturer of new light duty motor vehicles and new light duty motor vehicle engines intends to sell, offer or expose for sale in any model year a new light duty motor vehicle having a new light duty motor vehicle engine, he shall select, from his manufacture of such light duty motor vehicles and light duty motor vehicle engines, for testing of evaporative emissions,

- (a) at least two such new light duty motor vehicles having new light duty motor vehicle engines of the same engine displacement; and
- (b) where the probable sales volume of new light duty motor vehicles having new light duty motor vehicle engines of a specified engine displacement will account for at least one-half of one per cent of the total number of new light duty motor vehicles sold in Ontario in the latest preceding model year of the manufacturer for which sales records in Ontario are available, at least four new light duty motor vehicles having new light duty motor vehicle engines of the same engine displacement,

but in no case shall the total number of new light duty motor vehicles having new light duty motor vehicle engines be fewer than four.

2. The combinations of new light duty motor vehicles and new light duty motor vehicle engines selected under paragraph 1 and used for the testing of evaporative emissions shall be those combinations usually produced for sale by the manufacturer and shall be equipped as nearly as possible with transmission and carburetors in proportion to the number of comparable new light duty motor vehicles so equipped in the latest preceding model year of the manufacturer for which his sales records in Ontario are available.

3. Each new light duty motor vehicle having a new light duty motor vehicle engine selected for testing under paragraph 1 for amounts of evaporative emissions shall be driven a distance of at least 4,000 miles with all evaporative emission control systems or devices installed and operating and tests shall then be made for the amounts of evaporative emissions as described in paragraph 4.
4. Each test shall consist of three parts which shall be performed in sequence and without any interruption between each part, by,
 - (a) installing previously weighed hydrocarbon vapour collection devices on all fuel system external vents, then heating, by artificial means, the fuel in the tank of the new light duty motor vehicle to a temperature of between 82 and 86 degrees Fahrenheit over a period of not less than 50 minutes and not more than 70 minutes, after which time the new light duty motor vehicle shall be moved on to a dynamometer;
 - (b) running the new light duty motor vehicle on a dynamometer and the motor vehicle engine for each test being run from a cold start through nine identical testing cycles without stalling of the new light duty motor vehicle engine and with each cycle lasting 137 seconds and consisting of a series of periods of acceleration, deceleration, steady speeds and idling; and
 - (c) permitting the new light duty motor vehicle to stand for a period of one hour at an ambient temperature between 76 and 86 degrees Fahrenheit, after which time the hydrocarbon vapour collection devices shall be removed from the vehicle and sealed.
5. The evaporative emissions referred to in paragraph 3 shall be obtained by re-weighing the previously weighed hydrocarbon vapour collection devices and the increase of weight of such devices shall be recorded in respect of each new light duty motor vehicle so that a value, expressed as grams of hydrocarbons per test, is obtained for that vehicle and engine for the purposes of subsection 7.
6. In addition to the selection of new light duty motor vehicles having new light duty motor vehicle engines for testing of evaporative emissions under paragraphs 2 to 5, the manufacturer shall select not fewer than four and not more than twelve new light duty motor vehicles for tests of durability of the evaporative emission control systems or devices and in the selection he shall have regard to the combinations of engine displacements and transmissions, including automatic and manual transmission installations, so that his selections represent at least 70 per cent of the number of new light duty motor vehicles sold by the manufacturer in Ontario during his latest preceding model year for which his sales records in Ontario are available, but where his records show that the total number of new light duty motor vehicles sold by him in Ontario is less than 10 per cent of the total sales in Ontario of all new light duty motor vehicles of all manufacturers, the combinations shall be so chosen that the number of new light duty motor vehicles tested for durability of the evaporative emission control systems or devices shall be not fewer than four and not more than eight and shall represent at least 50 per cent of the number of new light duty motor vehicles sold by the manufacturer during such model year.
7. Every new light duty motor vehicle having a new light duty motor vehicle engine selected under paragraph 6 shall be driven a distance of at least 50,000 miles and tested in the manner referred to in paragraph 4, the tests to be carried out on each new light duty motor vehicle at intervals of not more than 4,000 miles, and the results from such tests shall be recorded.
8. From the results recorded under paragraph 7, a value shall be calculated for the evaporative emissions during each test for each 4,000 mile interval for each new light duty motor vehicle in the manner described in paragraph 5 and the representative values thus obtained shall be used in the calculation of the factor mentioned in subsection 7.
 - (6) Where recording is made in this section of results of tests for amounts of evaporative emissions in respect of any new light duty motor vehicle having a new light duty motor vehicle engine, a composite value shall be determined under subsection 7 for each engine displacement, which composite value takes into account factors of deterioration in efficiency of the evaporative emission control system or device installed thereon or incorporated therein, resulting from the use of that new light duty motor vehicle and new light duty motor vehicle engine, in accordance with the procedure under subsection 7.
 - (7) The procedure for the calculation of the composite value of the evaporative emissions of each new light duty motor vehicle tested shall be as follows:
 1. For each combination of exhaust emission control system or device and evaporative emission control system or device, an evaporative emission deterioration factor shall be determined by using the results obtained from the relevant new light duty motor vehicles and new light duty motor vehicle engines tested under paragraphs 7 and 8 of subsection 5 by,
 - (a) plotting a graph for each combination of exhaust emission control system or device and evaporative emission control system or device of vehicle mileage against the evaporative emission values obtained in the tests under paragraphs 7 and 8 of subsection 5;
 - (b) drawing a straight line, by the method of least squares, as near as possible to the points plotted on each graph; and
 - (c) calculating the deterioration factor in respect of evaporative emissions for deterioration in efficiency for each combination of exhaust emission control system or device and evaporative emission control system or device in accordance with the following formula:

$$\text{Factor} = \frac{\text{evaporative emissions interpolated to 50,000 miles} - \text{evaporative emissions interpolated to 4,000 miles}}{\text{evaporative emissions interpolated to 4,000 miles}}$$
 2. The evaporative emission test results from each new light duty motor vehicle tested under paragraphs 3, 4 and 5 of subsection 5 shall be added to the appropriate factor determined in paragraph 1 of this subsection for the particular engine displacement of that new light duty motor vehicle.

3. For each engine displacement, the results obtained in paragraph 2 for each new light duty motor vehicle in that engine displacement class shall be weighted in proportion to the projected sales of the new light duty motor vehicles represented by each test vehicle.
4. For each engine displacement, the weighted results obtained in paragraph 3 shall be averaged.
5. For each engine displacement, the evaporative emissions to be compared with the standard, referred to in subsection 2, shall be the averaged value for evaporative emissions obtained under paragraph 4 of this subsection.

(57) Every stake truck, tank truck, tractor, trailer or semi-trailer operated or parked singly or in combination, shall at all times be equipped with a parking brake of the design referred to in subsection 59 or chock blocks, or both, adequate to prevent movement of the vehicle when parked either singly or in combination on any grade on which the vehicle is operated or parked and under any condition of loading.

(58) The parking brake or brakes shall at all times be capable of being applied in conformance with the requirements of subsection 57 by the driver's muscular effort or by spring action or by other energy, provided that, if such other energy is depended on for application of the parking brake, an accumulation of such energy shall be isolated from any common source and used exclusively for the operation of the parking brake.

(59) The parking brake shall be so designed, constructed and maintained that when once applied,

- (a) it shall remain in the applied condition, with the effectiveness required by subsection 57, despite exhaustion of any source of energy or leakage of any kind; and
- (b) it cannot be released unless adequate energy is available in the brake system upon release to make an immediate further effective application.

(60) Every vehicle equipped with the type of brake referred to in subsection 59 shall be conspicuously and legibly marked with a symbol or marking in evidence thereof.

(61) The parking brake referred to in subsection 59 shall be set, or the chock blocks shall be positioned, whenever the vehicle is parked, including parking for loading and unloading.

- (b) a flanged single bulkhead so constructed that any liquid or vapour seeping or leaking

through any seam or joint will escape directly to open air and not between compartments.

(6) Subject to subsection 7, the outside of every tank fabricated of any ferrous substance, whether galvanized or not, shall be thoroughly coated with rust-resisting material compatible with the substance of which the tank is fabricated.

(7) Where there is evidence to indicate a higher degree of corrosion than that provided for in the design formula used, additional metal thickness or protective coatings or linings shall be provided to compensate for the corrosion loss expected during the design life of the tank.

(8) All piping associated with gasoline or associated products storage tanks shall be of American Petroleum Institute Specification 5L, or equivalent standard, and shall be protected from external corrosion, where investigation shows the need for additional protection,

- (a) if above ground by painting, wrapping, coating or other approved manner; and
- (b) if underground by wrapping, coating with asphaltic material, galvanizing, cathodic protection, or other approved manner,

and shall be firmly supported, and protected when necessary from vehicle impact or other physical damage by substantial barriers.

(9) Where a bulk-storage tank installed above ground has piping or a fitting connected to it at any point below the highest level to which the gasoline or associated product will rise, the piping or fitting shall be provided with an internal or external steel control valve located as near as practicable to the shell of the tank.

(10) Connections to pipelines through which tank cars or tank vehicles discharge by means of pumps into above ground tanks shall be,

THE CHILD WELFARE ACT, 1965

O. Reg. 83/70.

General.

Made—February 19th, 1970.

Filed—February 23rd, 1970.

REGULATION MADE UNDER THE CHILD WELFARE ACT, 1965

1.—(1) Section 27 of Ontario Regulation 271/65 is amended by adding "and" at the end of clause *a* and by striking out "and" at the end of clause *b*.

(2) Clause *c* of the said section 27 is revoked.

2. Ontario Regulation 271/65, as amended by Ontario Regulations 392/66 and 92/67, is further amended by adding thereto the following section:

27*a*. The judge shall cause to be transmitted to the Director a certified copy of each order made under clause *c* of section 25 of the Act or under subsection 1 or subsection 2 of section 31 of the Act.

3. Section 38 of Ontario Regulation 271/65 is revoked and the following substituted therefor:

38.—(1) The consent of the Director under subsection 3 of section 73 of the Act to the adoption of a child who is a Crown ward shall be in Form 25 and the affidavit of execution shall be in the form endorsed thereon.

42*a*. A notice of intention to adopt a Crown ward under section 31 of the Act shall be in Form 30 and shall be given to the children's aid society having care of the child by delivering it to the local director of the society or to the society officer who witnesses the signature of the person giving the notice.

5. Form 10 of Ontario Regulation 271/65 is amended by adding at the end thereof the following Note:

NOTE

To the Parents or Custodians

Hearings under *The Child Welfare Act, 1965* are held in the Provincial Court (Family Division). They are not open to the public and the press except with the leave of the judge.

You are, of course, entitled to your own legal advisor at the hearing. If you feel you cannot afford to retain a legal advisor you should apply to the nearest Legal Aid Office to

discuss the matter. If you, as the parent or custodian, are not twenty-one years of age, the Court will appoint a guardian *ad litem* to protect your interests at the time of the hearing.

The judge at the hearing may make one of several orders respecting your child, whether or not you are present, namely,

(a) he may dismiss the application;

(b) he may adjourn it;

(c) he may adjourn it and require the children's aid society to supervise the child in your home;

(d) he may order the child to be made a ward of the society for a temporary period of time not exceeding twelve months and such order may be reviewed from time to time but in no case shall an order be made that results in the child being a ward of the society for a continuous period of more than twenty-four months; or

(e) he may order the child to be made a ward of the Crown.

The judge *may* order you to pay an amount of \$1.50 per day for part of the cost of maintaining the child in the care of the children's aid society where any of the foregoing orders results in the Society assuming the care of the child.

As an agent of the Province, the children's aid society having the care of wards assumes the rights and responsibilities of a legal guardian for any child who becomes a ward by an order of the Court. The Society may place a Crown ward on adoption.

Any order of the judge made at the hearing may be appealed to a county or district court judge within thirty days of the making of the order. At the appeal hearing new evidence may be presented and further points of law raised.

In the event that your child has been made a Crown ward and you, at some future time, wish the child returned because of changes in your circumstances or for other reasons, you should ask your local children's aid society if it will apply to the Court for termination of the Crown wardship and the return of the child to you, or you may apply yourself to the Provincial Court (Family Division) for such termination. **TERMINATION WILL NOT BE GRANTED IF THIRTY DAYS HAVE EXPIRED FROM THE DATE OF THE ORDER OF CROWN WARDSHIP AND THE SOCIETY HAS ALREADY PLACED THE CHILD ON ADOPTION.**

If you are confused or uncertain about your rights, your child's rights, procedures of the Court, or any other matter related to the hearing, wardship, access to your child or visiting arrangements should he go into the care of the society, discuss it fully before the date of the hearing with your children's aid society, legal advisor or an official of the Court.

(2) Where the air pollution index for an area indicates increasing air pollution that may lead to an air pollution episode, the Minister, in consultation with the Minister of Health, may order curtailment of the operation of sources of air pollution in the manner described in subsections 3 and 4.

(3) Where the air pollution index reaches the number 32, designated as Air Advisory Level, and meteorological forecasts indicate a six hour prolongation of atmospheric conditions conducive to sustained or increased air pollution levels, the Minister may require owners or operators of sources of air pollution to make preparation for the curtailment of such operations as are specified by the Minister.

(4) Where the air pollution index reaches the number 50, designated as First Air Pollution Alert, and meteorological forecasts indicate a six hour prolongation of atmospheric conditions conducive to sustained or increased air pollution levels, the Minister may require owners or operators of sources of air pollution to curtail such operations as are specified by the Minister.

CONTROL OF AIR CONTAMINANTS

5.—(1) The standards for concentrations of air contaminants from stationary sources of air pollution at a point of impingement are prescribed in Schedule 1.

(2) For the air contaminant mentioned in column 1, the amount thereof in the atmosphere at the point of impingement measured or calculated in accordance with column 2 shall not be greater than the amount shown in column 3 for the period of time shown in column 4 of Schedule 1.

(3) No person shall operate or cause to be operated any stationary source of air pollution in a manner that does not comply with the standards prescribed in Schedule 1.

6. No person shall cause or permit to be caused the emission of any air contaminant to such extent or degree as may,

- (a) cause discomfort to persons;
- (b) cause loss of enjoyment of normal use of property;
- (c) interfere with normal conduct of business; or
- (d) cause damage to property.

7.—(1) The Department shall prepare a chart to be known as the "Smoke Density Chart of the Province of Ontario".

(2) The smoke density chart shall be prepared by the recording, in five consecutive areas on the chart, of fine black dots or lines evenly spaced on a white background in such manner that,

- (a) approximately 20 per cent of the space in the first area is black, such area to be designated density No. 1;

- (b) approximately 40 per cent of the space in the second area is black, such area to be designated density No. 2;

- (c) approximately 60 per cent of the space in the third area is black, such area to be designated density No. 3;

- (d) approximately 80 per cent of the space in the fourth area is black, such area to be designated density No. 4; and

- (e) approximately 100 per cent of the space in the fifth area is black, such area to be designated density No. 5.

(3) For the purpose of enforcing the Act and this Regulation, no person other than a provincial officer shall determine smoke density by a smoke density chart.

(4) Where the density or opacity of smoke is determined, the smoke is deemed to be of the density on the smoke density chart that it most closely resembles and to have the density number designated on the chart for such density.

8.—(1) Subject to subsections 2 and 3, no person shall cause or permit to be caused the emission of smoke having a density or opacity greater than density No. 1.

(2) For a period of not more than four minutes in the aggregate in each half hour period, smoke may have a density or opacity not exceeding density No. 2.

9. Where at any stationary source of air pollution a failure to operate in the normal manner or a change in operating conditions occurs, or a shut-down of the source or part thereof is made for some purpose, resulting in the emission of air contaminants that may result in quantities or concentrations in excess of those allowed in sections 5, 6 and 8,

- (a) the owner or operator of the source of air pollution shall,

- (i) immediately notify a provincial officer and furnish him with particulars of such failure, change or shut-down, and

the transporter shall verify the weight of the milk.

18. Where a transporter is requested by the operator of a plant to which he delivers milk, or by the marketing board, as the case may be, to verify the weight of a tank truck of milk for any purpose other than to establish a payment under section 17, the transporter shall verify the weight by weighing the tank truck of milk on a weighing machine inspected, verified and stamped under the *Weights and Measures Act* (Canada).

19. Where a transporter verifies the weight of milk under section 16 or section 18, the operator of the plant or the marketing board, as the case may be, shall pay,

- (a) any weighing charges; and
- (b) where extra mileage is required in transporting the milk for the purpose of weighing, any charges therefor in respect of each tank truck if the extra mileage for the tank truck exceeds twenty miles in any month, calculated in accordance with the rates contained in Schedule 2 of the order of the marketing board appointing the transporter as its agent.

- (b) the shortage in weight exceeds .35 per cent of the weight recorded,

the marketing board on a request in writing by the transporter shall ensure that the calibration of the farm bulk tank of every producer on the route complies with the provisions of Regulation 432 of Revised Regulations of Ontario, 1960.

(2) Where a request is made by a transporter under subsection 1, he shall not be required to make any payment to the marketing board under subsection 1 of section 17 if the calibration of the farm bulk tanks fails to comply with the provisions of Regulation 432 of Revised Regulations of Ontario, 1960.

(8) No person shall apply for and obtain more than nine licences in any twelve-month period.

(9) A licence shall be for a term of three years.

(10) The fee for a licence is \$250 payable annually in advance during the term of the licence.

(4) Where an excess amount is applied to an oil and gas exploration grid area under subsection 3, the excess amount must be applied to work performed during the term, or renewal term, of the licence for the oil and gas exploration grid area.

(5) Where holders of licences for separate but contiguous oil and gas exploration grid areas carry out geophysical exploration jointly on their oil and gas exploration grid areas, each licensee may apply the amount actually expended by him, in the joint geophysical exploration, on his oil and gas exploration grid area.

(6) Where holders of licences for separate but contiguous oil and gas exploration grid areas jointly engage in drilling a well within ten miles of their common boundary, each licensee may apply the amount actually expended by him, in drilling the well, on his oil and gas exploration grid area.

(7) Where during the first year of the term of a licence or during any subsequent year, or during the term of any renewal, except the last renewal permitted under section 5 of this Regulation, the amount expended by the licensee is less than the amount required under this section, the licensee shall deposit with the Minister an amount equal to the difference between the amount expended and the amount required to be expended.

(b) the form of a promissory note guaranteed by a chartered bank of Canada.

(9) A deposit under subsection 7 is compliance with respect to expenditure requirements for the purpose of section 5.

(10) Subject to subsection 11, where a licensee expends the minimum required for a year in which an amount has been deposited under subsection 7, the amount shall be refunded upon proof of the expenditure by means of the statement required by section 6.

(11) Any sum expended,

- (a) after an amount has been deposited under subsection 7;

- (a) fails to deposit any further amount in the amount required by this section;
- (b) fails to expend the minimum sum required within the term, or a renewal term, of the licence; or
- (c) fails to obtain a renewal of the licence,

that part of the amount deposited that equals the difference between the minimum required to be expended in the year or years for which the deposit was made and the amount expended for that year or those years is forfeit to the Crown in right of Ontario.

(13) Where part of an amount that has been deposited is forfeited, the balance shall be refunded to the licensee within thirty days after the forfeiture.

(14) Upon forfeiture of an amount deposited under subsection 7, the licence in respect of which the deposit was made is terminated.

and the expenditures shall be for work as prescribed in section 4.

(5) A licensee may surrender his licence or renewal at any time upon giving written notice thereof to the Minister at least thirty days before the surrender is to take effect.

(6) A licensee may, with the consent of the Minister, surrender half of the oil and gas exploration grid area specified in his licence or renewal, if the part being retained complies with subsection 8 of section 1.

(7) Where a surrender is made and accepted under subsection 6, the expenditure for the year of the term in which the surrender is made shall be that required for the lands described in the licence prior to the surrender, but the expenditure for any subsequent year or years of the term shall be based on the remaining lands.

6.—(1) Within thirty days after each anniversary date of the issue of a licence or a renewal, the licensee shall submit a sworn statement to the Minister,

- (a) detailing the amount and manner of all expenditures made by him in geophysical, geological or other exploratory work as prescribed in section 4; and

(3) No expenditures other than those detailed in the sworn statement referred to in subsection 1 and allowed by the Minister shall be credited to the minimum required to be expended under sections 4 and 5.

7. While a licence is in force, the licensee has the sole and exclusive right to drill for natural gas and petroleum on the lands described in the licence.

8.—(1) Upon application to the Minister, a licensee shall be granted a lease to produce natural gas and petroleum if the Minister is satisfied that a well drilled on the lands described in the licence, or in a licence for a contiguous area held by the same licensee, has indicated the presence of natural gas or petroleum in commercial quantities.

(2) The lands to be included in a lease shall be selected by the licensee from the lands described in his licence and shall not be for more than one-half of the number of sections in the oil and gas exploration grid area specified in the licence.

(3) Every application for a lease shall be accompanied by,

- (a) the rent for the first year of the term; and

(6) No lease shall be granted for less than one section.

(7) A lease shall be in Form 3 and shall be for a term of twenty-one years.

(8) Where commercial production of natural gas or petroleum is obtained and where at any time before the expiry of the lease the Minister is satisfied that the productive life of the lease is longer than the term thereof, he may renew the lease for successive periods of not more than twenty-one years each.

(9) The annual rental for a lease is \$1 an acre or \$1,000, whichever is the greater, payable in advance.

(10) Royalty is payable to the Treasurer of Ontario and Minister of Economics on natural gas, petroleum and petroleum products,

(a) on all natural gas produced, of 10 per cent of the prevailing field price for natural gas; and

(b) on all petroleum and petroleum products, of 10 per cent of the actual value at the well-head,

but no royalty is payable on natural gas, petroleum or petroleum products used on the premises for drilling or exploration purposes.

(11) The amount of royalty payable in any year shall be reduced by the amount of rent paid on the lease for that year.

(12) Where production of natural gas, petroleum or petroleum products is restricted or limited under *The Energy Act, 1964*, the regulations thereunder or any order of the Ontario Energy Board, the Minister may reduce or suspend the rental payable by the lessee in such manner and to such extent as he deems expedient.

(13) The lessee shall,

(a) keep a record of all natural gas, petroleum and petroleum products produced, sold or otherwise disposed of each year under each lease held by him; and

(b) within thirty days after each anniversary date of the lease, submit to the Minister a sworn statement showing the quantity and actual value at the well-head of all natural gas, petroleum and petroleum products produced during the previous twelve-month period, together with a remittance for any royalty payable for that period.

(14) Where a lease is issued for any part of the lands described in a licence, the licence is terminated.

(15) A lessee may, on thirty days prior written notice to the Minister, surrender any part of the lands included in a lease so long as the part being retained complies with subsections 4, 5 and 6.

(16) Where a surrender has been made under subsection 15, the annual rent for the year in which the surrender is made shall be based on the lands included in the lease at the commencement of that year, but the annual rent for ensuing years shall be based on the lands being retained.

9. Notwithstanding section 3, where a licence is terminated under subsection 14 of section 8 or under section 10, the Minister may offer for sale by tender the right to obtain a licence or licences or a lease or leases for a specific parcel or specific parcels and shall

give public notice of the sale, specifying the lands and the method of tendering.

10. If default is made,

(a) in the performance or observance of the terms and conditions of a licence, or of the Act or this Regulation; or

(b) by a lessee in payment of rent or royalties, or both, or in the performance or observance of the terms and conditions of the lease or of the Act or this Regulation respecting his lease,

and the default is not remedied within thirty days after notice has been delivered or sent by registered mail to the holder of the licence or the lessee, as the case may be, at his latest address recorded with the Department, setting forth the default and calling upon him to remedy the default,

(c) in the case of a licence, the Minister may forthwith cancel the licence; or

(d) in the case of a lease, the Minister may forthwith declare the lease forfeit and void.

11. The licensee or lessee, as the case may be, shall carry out all drilling and exploratory work in accordance with *The Mining Act*, *The Energy Act, 1964* and all other applicable Acts and the regulations thereunder.

12. A licence or a lease, issued under this Regulation, or any interest therein shall not be transferred or assigned without the written consent of the Minister.

13.—(1) The licensee or lessee, as the case may be, shall submit to the Minister reports, maps, photographs and drilling logs in duplicate, covering all geological and geophysical examinations, drilling, prospecting or other exploratory or development work, within sixty days of completion.

(2) Except with the consent of the licensee or lessee, as the case may be, material submitted under subsection 1 shall not be made public for one year from the date of submission or for such longer period as the Minister, at his discretion, may direct.

14.—(1) Where any uncertainty or dispute arises respecting the position of any boundary, the Minister may require the licensee or lessee, as the case may be, to file a cadastral survey showing the boundary in respect of which the uncertainty or dispute has arisen.

(2) The licensee shall supply any necessary cadastral surveys of the lands selected under section 8 in accordance with instructions issued by the Minister and in a form acceptable under *The Land Titles Act* and the regulations thereunder.

15.—(1) Where an exploratory licence for natural gas and petroleum has been issued under subsection 2 of section 647 of the Act, and the terms of the licence provide for conversion to licences or permits under regulations in force at the time of conversion, this Regulation applies, subject to any special conditions contained in the licence.

(2) Where there has been an over-expenditure on exploration on land described in a licence referred to in subsection 1 and there is a provision in the licence for a limited carry-over of over-expenditures to be applied against licences issued under this Regulation, the Minister, at his discretion, may increase the limit of the amount that may be applied if the over-expenditure is the result of the drilling of a well or wells.

(3) Where, in an exploratory licence described in subsection 1, the lands described in the licence are described as rectangular areas, bounded by meridians

of longitude and parallels of latitude with the north-east co-ordinate for each rectangular area given, the lands described in the licence shall be deemed for the purpose of this Regulation to be comprised of oil and gas exploration grid areas, and the limits of the lands described in the licence shall be deemed to be in conformity with the oil and gas exploration grid area limits, and where all or part of the lands described in the licence do not comprise an entire oil and gas exploration grid area the lands shall be deemed to comprise a part of an oil and gas exploration grid area as described in section 1, the limits of which part shall be in conformity with the limits of the sections, or with straight lines of sight, established proportionally between the section lines.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph 3, no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

13. The amount of loss that shall be taken into account in the final adjustment of loss is the amount by which the sum of,

- (a) an amount obtained by multiplying the amount of dollars per acre coverage by the number of insured acres;
- (b) an allowance for the cost of seed calculated at \$30 for each acre harvested; and
- (c) an allowance for the cost of harvesting calculated at \$16 for each ton of shelled peas harvested,

exceeds the sum of,

- (d) the total gross income of the insured person from the insured crop as evidenced by the processor's statement of production;
- (e) the value as determined by the Commission of the potential production of acreage unharvested for reasons other than the insured perils; and
- (f) any loss sustained by reason of a peril other than the perils designated in the plan.

MISREPRESENTATION, VIOLATION
OF CONDITIONS OR FRAUD

14. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

15. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

16. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop;
- (b) except as provided in paragraph 17, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

17. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

NOTICE OF LOSS OR DAMAGE

18.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission forthwith by telephone and shall confirm in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear to the insured person at any time after planting and before the completion of harvesting of the insured crop that the potential production of the insured crop has a value less than the total insured coverage, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the total gross value of the insured crop as evidenced by the processor's statement of production is less than the total insured coverage; and
- (b) the loss resulted from one or more of the perils insured against,

the insured person shall notify the Commission in writing forthwith.

NOTICE OF BY-PASSING

19. Where acreage is by-passed by the processor, the insured person shall notify the Commission forthwith by telephone and confirm in writing within twenty-four hours.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

20.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph 1 shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

21.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the total gross income obtained from the insured crop for the crop year; and
- (b) that the loss in income or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

22.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph 3, a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 17.

(4) Where required by the Commission, the information given in a proof of loss shall be verified by statutory declaration.

ARBITRATION

23. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

24.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

25. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

26. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

27.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

WHEREAS the insured person has applied for crop insurance on sweet corn under The Ontario Crop Insurance Plan for Sweet Corn, hereinafter referred to as "the plan";

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario), 1966* and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of sweet corn resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means sweet corn produced in Ontario,

(a) for processing under a contract between a grower and a processor; and

(b) on acreage specified in such contract.

CAUSES OF LOSS INSURED AGAINST

2. This contract insures against a loss in the production of the insured crop resulting from drought, excessive moisture, excessive rainfall, flood, frost, hail, insect infestation, plant disease, wild life, wind or any other adverse weather condition.

CAUSES OF LOSS NOT INSURED AGAINST

3. This contract does not insure against, and no indemnity shall be paid in respect of a loss in the production of the insured crop resulting from,

(a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;

(b) a shortage of labour or machinery;

(c) insect infestation or plant disease unless recommended spray programs were followed; or

(d) a peril other than the perils designated in the plan.

DURATION OF INSURANCE

4. This contract is in force for the crop year in respect of which it is made unless it is terminated in accordance with the regulations.

EXTENT OF INSURANCE

5.—(1) The insured person shall offer for insurance all acreage planted in the crop year to the insured crop on the farm or farms operated by him in Ontario, and subject to subparagraph 2, this contract applies to all such acreage under contract to the processor named in the application for insurance herein.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

(a) that was not adequately prepared for cropping purposes;

(b) that was planted after the final date prescribed for planting in the plan;

(c) that, in the opinion of the Commission, is not insurable;

(d) for which a contract between the insured person and the processor is not in effect; or

(e) on which the insured crop is a volunteer crop.

COVERAGE

6. The coverage provided by this contract is the percentage, as selected by the insured person in his application, of the average farm yield in tons, as computed by the Commission, of the total acreage planted to the insured crop in accordance with the plan.

TOTAL GUARANTEED PRODUCTION

7. The number of tons determined in accordance with paragraph 6 is the total guaranteed production of the insured crop for the crop year.

INDEMNITY

8. The maximum indemnity payable for a loss in production of the insured crop for the crop year is the amount obtained by multiplying the total guaranteed production by the price per ton established in the plan.

PREMIUM

9. The amount of the premium payable by the insured person for acreage planted to the insured crop for the crop year shall be determined and paid in accordance with the plan.

CONTRACT ACREAGE REPORT

10. Subject to the provisions of the plan, the contract acreage report prepared by the Commission is binding on the insured person.

CROP YEAR

11. The crop year for the insured crop is the period from the 1st day of March to the 15th day of October next following.

FINAL DATE FOR PLANTING

12. The final date in the crop year for planting the insured crop is the 1st day of July or such other date as may be determined from time to time by the Commission.

VARIATION IN PLANTED ACREAGE

13.—(1) Where the acreage planted by the insured person in the crop year is not the same as the acreage stated in the contract acreage report the insured person shall, not later than the 15th day of July or such other date as may be determined by the Commission, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than the acreage stated in the contract acreage report, the total guaranteed production and the maximum amount of indemnity shall be reduced proportionately and, unless notice was given in accordance with subparagraph 1, no refund of premium or part thereof shall be made.

(3) Where the actual planted acreage of the insured crop is more than the acreage stated in the contract acreage report, unless the processor increases the contract acreage accordingly, the total guaranteed production, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the production of the insured person.

HARVESTING OF PLANTED ACREAGE

14.—(1) All acreage planted to the insured crop in the crop year shall be harvested as sweet corn for processing unless the Commission, upon application therefor in writing, consents in writing to,

INTEREST OF OTHER PERSONS

17. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and

ASSIGNMENT OF RIGHT TO INDEMNITY

18. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

EVALUATION OF LOSS

19.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph 1, actual production shall include,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in paragraph 2;

NOTICE OF LOSS OR DAMAGE

20.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the consent in writing of the Commission.

(2) Where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop results from one or more of the perils insured against and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the potential production of the insured crop is less than the total guaranteed production, the insured person shall, as soon as the loss or damage is apparent, notify the Commission in writing forthwith.

(4) Notwithstanding any notice given by the insured person under this paragraph, where on completion of harvesting of the insured crop,

- (a) the actual production is less than the total guaranteed production; and

the insured person shall notify the Commission in writing forthwith.

23.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

24.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

25. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

26.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and

ARTICLE II

ESTABLISHMENT OF CONTINGENCY TRUST FUND

SECTION 2.01. The Plan and trust fund hereby established shall be known and described as the Contingency Trust Plan (hereinafter referred to as the "Plan").

SECTION 2.02. The Plan shall be established as of the Effective Date, and this agreement shall be effective from such date in respect of Participants entering into an agreement in form the same as or substantially similar to this agreement on or before such date and, in respect of Participants entering into such an agreement after such date, on the date of entering into thereof.

ARTICLE III

PAYMENTS FROM PARTICIPANTS

SECTION 3.01. Each Participant who becomes such prior to the Effective Date shall, subject to the provisions of Section 3.10, make an initial payment of Ten Thousand Dollars (\$10,000.00) to the Trustee in respect of the Plan, on or before the Effective Date, and each Participant who becomes such after the Effective Date shall make such initial payment before or at the time of becoming a Participant; provided that with respect to Participants who become such after the Effective Date, the Commission may require such additional payment or payments so that the Withdrawal Credits of all Participants are equal in amount.

SECTION 3.02. Save as hereinafter provided, at any time when the capital of the Trust Fund is or would be reduced by reason of the payment or proposed payment by the Trustee of any Claim, each Participant (except the person in respect of whose Default such Claim was made) shall pay into the Trust Fund his *pro rata* share of such Claim at the time or times and in the manner required by the Trustee. For the purposes of this Section 3.02 such "*pro rata* share" shall be determined as follows: The Claim which is the subject of payment together with all other Claims paid in respect of any Default of the same Participant shall be aggregated and there shall be deducted therefrom the amount of such Participant's Withdrawal Credit. The balance, if any, shall be divided by the number of Participants (except the person in respect of whose Default such Claim was made) and the resulting amount, after adjustment by the Trustee as hereinafter provided, shall be the *pro rata* share up to the next highest even multiple of \$1,000.00. Notwithstanding the foregoing provisions of this Section 3.02, a Participant who participates in the Plan after the Effective Date may, if the Trustee and the Commission jointly so determine in their discretion, be excluded from any obligation to pay all or a part of his *pro rata* share in respect of any Claim paid by or presented to the Trustee or of which the Trustee was aware during any period prior to six months after he became such a Participant. In the event of such a determination the *pro rata* shares of all

other Participants required to pay *pro rata* shares hereunder shall be proportionately increased by the aggregate amount of the *pro rata* share of such Participant so excluded from his obligation to pay under this Section 3.02.

SECTION 3.03. The Participant in respect of whose Default any Claims are paid shall be liable to pay and shall pay to the Trustee the aggregate amount of all such Claims paid, so that at all times the Withdrawal Credit of such Participant is equal to not less than Ten Thousand Dollars, (\$10,000.00) or such other amount as may from time to time be required by the Commission under Section 3.10 hereof. This liability of any such Participant to the Trustee under this Section 3.03 shall not adversely affect the right of the Trustee to require an assignment of and to enforce any such Claim and any security or guarantee therefor, provided that any amount so recovered shall be added to the Withdrawal Credit of such Participant and form part of the Trust Fund and shall reduce by such amount the liability, if any, of such Participant under this Section 3.03.

SECTION 3.04. Notwithstanding the fact that a Participant shall be in Default hereunder or shall have failed to perform or observe any obligation or condition hereof on his part to be performed or observed, such Participant shall remain liable in respect of his *pro rata* share under the provisions of Section 3.02 hereof.

SECTION 3.05. In the event one or more Participants shall fail to pay any *pro rata* share or other amount required to be paid to the Trustee pursuant to Section 3.02 hereof, such deficiency shall be, at the discretion of the Trustee, added on a *pro rata* basis among the remaining Participants required to pay such a *pro rata* share.

SECTION 3.06. Subject only to the provisions of Section 3.07 hereof, and without limiting the generality of any other provisions of this agreement, the Trustee may at any time and from time to time require an additional payment into the Trust Fund from a Participant at any time when the Withdrawal Credit of such Participant is for any reason whatsoever less than Ten Thousand Dollars, (\$10,000.00) or such greater or lesser amount as the Commission may from time to time require under Section 3.10 hereof, provided that the Trustee need not require an additional payment otherwise required hereunder, to the extent such additional payment would result in a Withdrawal Credit for a Participant in excess of Ten Thousand Dollars, (\$10,000.00) or such greater or lesser amount as aforesaid.

SECTION 3.07. Notwithstanding any other provision hereof other than Section 3.10 hereof which shall not be affected by this Section 3.07, the obligation hereunder of a Participant to make additional payments into the Trust Fund shall be limited in any one period of 365 days to a maximum amount of Ten Thousand Dollars, (\$10,000.00).

SECTION 3.08. The Trustee may at any time and from time to time retain and set off against any unpaid or unperformed liability or obligation hereunder of any Participant any amount in its possession howsoever obtained of which the Participant would, but for this provision, be entitled to receive payment.

SECTION 3.09. A Participant shall not be obligated to make any payment in addition to the initial payment under Section 3.01 unless and until he shall have received a notice of the amount to be paid from the Trustee, but shall make any such payment within 60 days after receipt of such notice, and thereafter shall be liable to pay interest at the rate of 10 per cent per annum compounded annually on the amount unpaid from time to time.

SECTION 3.10. The Commission may at any time and from time to time require that the amount of the Withdrawal Credit of any Participant shall be greater than or less than Ten Thousand Dollars (\$10,000.00), in which event the Trustee shall, within such period as the Commission may require, demand such additional payments from Participants as may be thereby required to eliminate any Withdrawal Credit deficiency, and the Participants shall pay such amounts forthwith to the Trustee hereunder, or, as the case may be, pay such amounts to Participants as may be thereby required to eliminate any Withdrawal Credit excess.

SECTION 3.11. Wherever a Participant has failed to pay to the Trustee any amount required to be paid hereunder, as a result of which other Participants have made additional payments hereunder, and amounts are subsequently paid to or recovered by the Trustee in respect of the amounts previously not so paid by such Participant, such amounts subsequently paid shall be credited on a fair proportionate basis, having regard to all the facts, among the Participants who have made such additional payments and shall reduce the amounts otherwise required to be paid by such Participant hereunder; provided further, that amounts subsequently so paid shall, where amounts in respect thereof were due but not paid by other Participants, reduce the liability of such Participants on a fair proportionate basis having regard to all the facts. The Trustee shall determine what is a fair proportionate basis as aforesaid and its decision shall be final and binding.

ARTICLE IV

TRUST FUND

SECTION 4.01. The Trustee shall hold all money and other property, if any, received by it from Participants or others pursuant hereto or in respect hereof and all income on any such money or from any such property, and all rights hereby conferred, in trust for the benefit of such of the holders of claims from time to time as the Trustee may from time to time in its discretion appoint, and subject thereto and hereto, for the benefit of the Participants, and all such money, property and income thereon or therefrom shall constitute a trust fund to be dealt with and distributed in accordance with the terms of this agreement. The capital of the Trust Fund shall mean all amounts held by the Trustee as part of the Trust Fund other than amounts designated from time to time by the Trustee in its discretion as payable to a client, Participant or other person hereunder.

SECTION 4.02. The Trustee shall maintain a record of amounts received from, on behalf of or in respect of each Participant and shall distinguish in such record the Section hereof pursuant to which each such amount was received and shall show in such record the Withdrawal Credit account from time to time of each Participant. All amounts received by the Trustee into the Trust Fund shall be credited to a Participant or Participants and the Trustee's decision in respect of such crediting shall be final and conclusive, provided that the Trustee may in its discretion change any such crediting from time to time as it sees fit. No crediting of an amount to a Participant shall, as such, give such Participant any rights thereto, and a Participant shall only be entitled to receive any amounts from the Trust Fund in accordance with the specific provisions hereof respecting payments to a Participant.

SECTION 4.03. The Trustee shall keep the Trust Fund invested in Approved Securities.

SECTION 4.04. The Trustee shall collect and receive all income on or from the Trust Fund and shall, after deducting therefrom the fees, costs charges and expenses referred to in Section 7.07 hereof, and subject as hereinafter provided, distribute the balance of such income to the Participants. Income on or from the Trust Fund received during the period ended on the

last day of September in each year (which date is herein referred to as the "determination date") shall, subject to the provisions of Sections 4.05 and 4.06 hereof, be distributed annually on or before the last day of November in each year (which date is herein referred to as the "distribution date"). Each Participant having a Withdrawal Credit on the determination date shall, subject as hereinafter provided, receive a *pro rata* portion of the income distributed in respect of the period ended on such determination date. The Trustee shall determine in its discretion such reasonable *pro rata* portions of income to each Participant in respect of the distribution based on the amount of the Withdrawal Credit of each Participant from time to time during such period and the portion or portions of the twelve month period covered thereby and shall forward to such Participant by first class mail on or before the distribution date a cheque for the *pro rata* portion of income so determined. No Participant shall be entitled to a distribution of income hereunder if on the distribution date any Claim has been made in respect of such Participant or there has been a failure by the Participant to perform or observe any obligation or condition hereunder on its part to be performed or observed. If and so long as any such Claim exists and has not been paid by the Participant or any such failure continues and has not been rectified by the Participant such income and all other income thereafter accruing to such Participant shall be added to such Participants' Withdrawal Credit, and, where applicable, shall be treated by the Trustee in its discretion as discharging the liability to make a payment or payments under Article III hereof, in which event the amount so credited shall form part of the capital of the Trust Fund. The Trustee may pay any income tax or other tax that it honestly and in good faith believes to be payable in respect of any receipt, crediting or payment of any such income to or in respect of a Participant and any such payment shall constitute a discharge *pro tanto* of any obligation of the Trustee hereunder in respect of the payment or crediting of such income to such Participant.

SECTION 4.05. Notwithstanding the provisions of Section 4.04 hereof, the Trustee shall, if so required by the Commission or a Participants' Request, apply all or any part of the income of the Trust Fund to acquire such insurance payable to the Trustee having such coverage and with such limits, deductibles and other terms as the Trustee shall see fit, to insure against all or any part of the obligation of Participants hereunder to make payments into the Trust Fund and to apply any proceeds thereunder in discharge *pro tanto* of any such obligation, provided that no such application of proceeds in respect of any such obligation shall be treated as a payment by a Participant for the purpose of limiting the obligation of a Participant to make additional payments into the Trust Fund in any one period of 365 days pursuant to Section 3.07 hereof.

SECTION 4.06. Notwithstanding the provisions of Section 4.04, the Trustee shall from time to time at the request of the Commission credit all or any part of the income of the Trust Fund to the capital of the Trust Fund, in which event no part of such income so credited shall be paid to any of the Participants.

SECTION 4.07. The Trustee shall keep complete records of its administration of the Trust Fund on the

basis of a fiscal year ended on the last day of in each year. A copy of the financial statements of the Trust Fund certified by the Trustee shall be delivered to the Commission within three months after the end of each fiscal year and to the Participants within six months after the end of each fiscal year. Such statements shall include, where applicable, the following information:

- (a) the amount of the Withdrawal Credit of each Participant;

- (b) the amount owing hereunder by any Participant to the Trustee by reason of any provision hereof which has not been paid when due;
- (c) the amount of all receipts and the source thereof;
- (d) the amount of all payments to Participants and in respect of Claims of clients of Participants;
- (e) a complete statement of all receipts and disbursements in respect of each Participant who was in Default during such fiscal year;
- (f) a statement of all credits and debits to the capital of the Trust Fund; and
- (g) such other information as the Commission may from time to time require.

The Commission may determine from time to time what part of the foregoing information shall be delivered by the Trustee to Participants.

SECTION 4.08. The Trust Fund may, at the sole discretion of the Trustee from time to time, constitute a single fund in respect of all Participants or separate funds in respect of each Participant, which separate funds may nonetheless be dealt with for the purposes of the convenient administration of the Plan as though they were a single fund.

SECTION 4.09. No Participant may assign any right or interest he may have in the Trust Fund to any person nor shall any Participant, his heirs, executors, administrators, successors or assigns, assert any right at any time over and against the Trustee in respect of the Trust Fund or any Withdrawal Credit to which he might but for this Section be entitled.

ARTICLE V

CLAIMS ON THE TRUST FUND

SECTION 5.01. The Plan is established to provide for the payment out of the capital of the Trust Fund of the amount of claims of clients of Participants which meet the requirements hereinafter set forth in such amounts and to such of such clients as the Trustee shall in its discretion from time to time determine and appoint,

- (a) a claim shall be limited to the direct out-of-pocket loss suffered by a person who was a *bona fide* client of a Participant at the time the liability duty or obligation was first incurred by such Participant in respect of which such loss thereafter arose, and such loss shall have arisen either due to,
 - (i) the failure of such Participant to refund any payment received from a client for a security ordered by and not delivered as directed by that client, or to pay as directed by a client funds received by such Participant in connection with the sale of a security on behalf of that client; or
 - (ii) any conversion of funds or securities of such a client while in the hands of or under the control of the Participant or by or on behalf of or for the benefit of the Participant or a partner, director, or shareholder of the Participant, but only to the extent the Participant does not have a bond or insurance providing for payment in respect of any such conversion;

- (b) no claim shall be eligible for payment if the client making such claim was, at the time the liability giving rise to the loss was first incurred or at any time thereafter prior to payment,
 - (i) a Participant or a partner, director, officer, employee, agent or shareholder of a Participant or an Associate of any of the foregoing; or
 - (ii) a person or company registered under the provisions of *The Securities Act, 1966* or an Associate of any thereof; or
 - (iii) a person or company described in paragraph 3 of subsection 1 of section 19 of *The Securities Act, 1966*; and
- (c) no claim shall be eligible for payment to the extent that the amount of such claim is in excess of \$5,000.00 and any amount received by the client in payment of any loss giving rise to such claim otherwise than out of the Trust Fund shall be applied to reduce the said maximum amount of \$5,000.00. Claims by a group of persons acting together in a single transaction shall be considered to be a single claim subject to the maximum limitation and the reduction provided for in this subparagraph (c).

If any question or doubt shall arise as to whether or not any claim meets the requirements of this Section 5.01 as to eligibility for payment out of the capital of the Trust Fund either in whole or in part, the Trustee in its discretion shall determine such eligibility and any decision of the Trustee shall be final and conclusive for all purposes hereof and as against all persons. For greater certainty, it is hereby agreed and declared that no client of any Participant shall have any absolute or vested right to payment of any claim against the Trustee or the Trust Fund, notwithstanding such claim may qualify and be eligible for payment in every respect except only that the Trustee shall not have in its discretion appointed such client to receive such payment.

SECTION 5.02. A Claim for payment out of the Trust Fund may only be made by a claimant giving written notice of such Claim to the Trustee with full particulars thereof, including the amount thereof, any security or guarantee therefor, and any payment or recovery in respect thereof. A Claim shall be deemed to have been made when written notice thereof is received by the Trustee.

SECTION 5.03. As a condition precedent to the authorization by the Trustee of the payment of any Claim, the Trustee may, in its discretion, require that the claimant making such Claim, execute and deliver or arrange for the execution and delivery of such documents as the Trustee in its discretion deems necessary. The Trustee shall be entitled to seek the advice of Counsel as to the documentation necessary to support a Claim and shall be entitled to rely on the opinion of Counsel as to the sufficiency of the documentation required and presented by a Claimant for the purposes of paying any Claim.

SECTION 5.04. As a condition precedent to the payment of any Claim, the Trustee may, in its discretion, require that the client making such Claim, execute such documents as Counsel may advise are necessary or desirable for the purpose of transferring to the Trustee the interest of such client in the Claim so as to subrogate the Trustee to the position of the client and enable the Trustee to prosecute the proceedings contemplated by Section 7.06 hereof.

SECTION 5.05. Notwithstanding any of the foregoing provisions of this Article V, the following limitations in respect of payments of Claims shall apply,

- (a) the maximum aggregate amount of Claims which may be paid in respect of the Default of any one Participant shall never exceed \$10,000.00 multiplied by the number of Participants not in Default at the time of the first Default of the particular Participant;
- (b) the Trustee may in its discretion pay Claims in one or more instalments as it sees fit, in which event all Claims of a Participant which the Trustee has determined and appointed for payment shall be paid on the same basis;
- (c) no Claims in respect of the Default of any Participant shall be paid by the Trustee until the Trustee is reasonably satisfied that all Claims likely to be made in respect of Defaults of a Participant have been made or reserved against by the Trustee;
- (d) the Trustee may in its discretion reserve against Claims which it thinks may be validly made and any such reservation shall be the equivalent of payment of such Claim for the purposes of requiring additional payments of *pro rata* shares under Section 3.02 hereof.

SECTION 5.06. The Trustee may in its discretion pay any Claim notwithstanding that no demand for payment has been made by the client against a Participant in respect of whom a Default has occurred or that no action has been commenced or that no final judgment of a court of competent jurisdiction has been obtained against such Participant or that not all reasonable efforts have been taken to have such judgment satisfied; provided that the Trustee may require any or all of the foregoing steps to be taken by the client making the Claim hereunder before paying the same or appointing such client for payment in respect thereof.

SECTION 5.07. The Trustee, on being satisfied that a Claim complies with the requirements of this Article V, may in its discretion appoint the person making such Claim to receive payment of all or any part thereof, in which event the Trustee shall, subject to the provisions of paragraph (b) of Section 5.05 hereof, promptly forward by first class mail to the address specified by the client a cheque payable to the client in the amount of the Claim or part thereof as so determined by the Trustee.

ARTICLE VI

TERMINATION OF PARTICIPATION IN PLAN

SECTION 6.01. The amount of the Trust Fund, if any, standing to the credit of a Participant shall constitute the Withdrawal Credit of the Participant and such amount at any time shall be the aggregate of all payments made by or on behalf of such Participant pursuant to Article III, all income and recoveries credited to a Participant pursuant to any provision hereof, and all amounts (other than income or recoveries so credited) not distributed to a Participant pursuant to Sections 4.04 and 7.06 hereof, minus the aggregate amount of,

- (a) his *pro rata* share of any Claim subject to payment referred to in Section 3.02 (excluding any upward adjustment in such *pro rata* share made by the Trustee pursuant to Section 3.02); and
- (b) of any amounts charged hereunder against the Participant by the Trustee in respect of any amount paid out of the Trust Fund by the Trustee, whether to the Trustee or others.

SECTION 6.02

- (a) Upon compliance with the requirements of this Section 6.02 on surrender, cancellation or

lapse of the registration of a Participant under *The Securities Act, 1966* or on such Participant satisfying the Trustee and the Commission that he has joined some other plan similar to the Plan and acceptable to the Commission or on the Commission advising the Trustee that a Participant is no longer required to participate in the Plan as a condition of registration under *The Securities Act, 1966* such Participant may apply for the withdrawal from the Plan and for the return of his Withdrawal Credit, the amount of which shall be computed at the time when the Trustee determines that all such requirements are fulfilled;

- (b) a Participant wishing to so apply for withdrawal from the Plan shall give written notice of his intention to so withdraw to the Commission and the Trustee, but may not give any such notice at any time when such Participant has failed to perform or observe any obligation or condition on his part to be performed or observed hereunder;
- (c) the Participant so withdrawing shall file with the Trustee and the Commission such financial statements and other evidence as the Trustee and the Commission may in their discretion require, to establish that the affairs of such Participant have been settled so as to preclude any Claims on the Trust Fund arising out of such affairs which cannot be satisfied out of the Withdrawal Credit applicable to such Participant and that arrangements satisfactory to the Trustee and the Commission have been made to ensure that all liabilities and obligations of the Participant which could give rise to any Claim have been met and discharged;
- (d) no Withdrawal Credit shall be paid to a withdrawing Participant until the later of the time on which there are no unpaid Claims which have been made against the Trust Fund and for which a payment would be required in respect of such Participant pursuant to Section 3.02 hereof if such Claims were paid, or six (6) calendar months following the receipt by the Trustee of the written direction of the Commission consenting to the Trustee paying his Withdrawal Credit to a Participant accompanied by an audit clearance of the Participant by the Commission;
- (e) at the time provided for under paragraph (d) of this Section 6.02 and provided the Participant has performed and observed all the obligations and conditions on his part to be performed or observed hereunder, the Trustee may in its discretion pay the amount of the Withdrawal Credit of a Participant to the withdrawing Participant, subject only to the following,
 - (i) to the extent that the financial statements and other evidence referred to in this Section 6.02 disclose unsatisfied liabilities which would qualify as Claims the amount to be paid shall be reduced and such reduction shall be applied by the Trustee to the *pro rata* payment of such liabilities, upon receipt of such satisfactory evidence and documentation in respect of such Claims as Counsel and the Trustee may require, or, if any of the events hereinafter mentioned have occurred;
 - (ii) the balance of any payment after reduction, if any, as provided in the preceding subsection (1), shall be paid to any receiver or receiver and manager designated by the Commission pur-

suant to *The Securities Act, 1966* in respect of the withdrawing Participant or if no such receiver or receiver and manager has been so designated, to any trustee in bankruptcy or liquidator or similar person duly appointed by law to administer the estate or affairs of the withdrawing Participant.

Any such payment shall be made by the Trustee forwarding by first class mail a cheque for the payment in the amount and to the Participant, person or company, as the case may be, at the address specified by the withdrawing Participant or other person or company to whom the payment is to be made.

SECTION 6.03. Upon payment of a Withdrawal Credit to or in respect of a Participant under Section 6.02 hereof, such Participant shall cease to be a Participant, his participation in the Plan shall cease, and he shall no longer be subject to the Plan or to any further obligation under this agreement and the Trustee may at the request and expense of the Participant, give a formal release to the Participant of all his obligations hereunder in such form and subject to such conditions as Counsel may advise.

SECTION 6.04. For the purpose of computing a Withdrawal Credit hereunder the Trustee may at any time and from time to time determine and use the cost or market value or the lower of cost or market value of all or any Approved Securities held in the Trust Fund, as the Trustee in its sole discretion shall see fit, and the Trustee shall in such event increase or decrease the Withdrawal Credit of a Participant by his proportionate share of any increase or decrease in value of Approved Securities from cost or from any previous determination hereunder, such proportionate share to be computed on such basis as the Trustee may in its sole discretion determine to be fair as among all Participants.

SECTION 6.05. In the event that a Participant who becomes such prior to becoming a registrant under *The Securities Act, 1966* does not for any reason become such a registrant, the amount paid by such Participant to the Trustee into the Trust Fund shall be returned without interest and the Trustee shall notify the Commission forthwith of such return. Any income earned in respect of any such amount so returned shall thereafter be held by the Trustee under the Trust Fund but shall not be credited to the Withdrawal Credit of any Participant. Such amount shall be first applied to fees of the Trustee hereunder, and, second, to any Claim hereunder, and until so applied, shall form part of the capital of the Trust Fund.

ARTICLE VII

THE TRUSTEE

SECTION 7.01. The Trustee accepts the trusts herein created upon the terms and conditions of the agreement and represents and warrants that it is a corporation authorized to do business in Ontario as a trust company under *The Loan and Trust Corporations Act*. The Trustee shall not be required to give any bond or other security for the faithful performance of its duties hereunder and shall not be responsible for any diminution in the funds, securities or property of whatsoever character constituting part of the Trust Fund, or for any loss resulting from the making of any investment or from the retention in good faith for any length of time of securities or other property of whatsoever character purchased or acquired by it notwithstanding that such securities or property may not be, or may have ceased to be, income producing, or from any mistake in judgment made in good faith, or from any loss of whatsoever character unless resulting from its own fraud, gross negligence or wilful misconduct.

SECTION 7.02. The Trustee may rely and shall be protected in acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, letter, telegram, cablegram or other paper or document believed by it to be genuine and to have been signed, sent or delivered by or on behalf of the proper party or parties. The Trustee may employ or retain such counsel, accountants, appraisers, or other experts or advisers as it may reasonably require for the purpose of discharging its duties hereunder; may act and shall be protected in acting in good faith on the opinion or advice or information obtained from any of them; and shall not be responsible for any misconduct on the part of any of them.

SECTION 7.03. The Trustee may at any time resign as Trustee hereunder by giving ninety days' notice to the Commission. Either the Commission or the Participants by Participants' Request delivered to the Trustee may at any time require the removal of the Trustee hereunder on giving ninety days' notice to the Trustee. In the event of the resignation or removal of the Trustee or if the Trustee shall at any time be unable to act, the Commission shall appoint as a successor trustee a corporation authorized to do business in Ontario as a trust company under *The Loan and Trust Corporations Act* of Ontario who, upon acceptance of such appointment, shall have vested in it without further act or formality all the rights and powers given hereunder to the Trustee, and upon written request of the Commission the Trustee ceasing to act shall execute and deliver an instrument in writing transferring to such successor Trustee all the rights, powers and Trust Fund assets reposing in or with the Trustee ceasing to act, and shall do all such other acts or things necessary or desirable for the vesting of the Trust Fund assets in the successor Trustee. Upon any such resignation or removal becoming effective the Trustee ceasing to act shall render to the Commission and to each Participant an account of its administration hereof during the period following that covered by its last annual accounting, which shall contain the information and be audited by an independent firm of chartered accountants in accordance with the provisions of Section 4.07.

SECTION 7.04. Subject to Section 4.03 hereof the Trustee, in the administration of the Trust Fund, shall have power and authority,

- (a) to invest and reinvest the Trust Fund in Approved Securities and may do all acts and things and execute, acknowledge and deliver all instruments in respect thereof;
- (b) to hold in the form of cash awaiting investment or other application hereunder any portion of the Trust Fund and without limiting the generality of the foregoing the Trustee may hold the cash in any deposit or current account operated by the Trustee;
- (c) to sell, convert, assign, exchange, transfer or otherwise dispose of any Approved Securities at any time constituting part of the Trust Fund at public or private sale for such consideration and upon such terms and conditions as the Trustee shall see fit;
- (d) to vote in person or by proxy any Approved Security constituting part of the Trust Fund, to exercise personally or by general or limited power of attorney any right appurtenant to any Approved Securities or to any other property held by it at any time; to join in or dissent from and oppose the reorganization, redistribution, consolidation, merger, liquidation or sale of corporations or properties; to exchange Approved Securities for other securities issued in connection with or resulting from any such reorganization and retain such securities; to exercise or sell any rights

issued upon or with respect to any Approved Securities; and to do any other act with respect to any property necessary to protect the investment of the Trust Fund in such property;

- (e) to register any Approved Security or other property held by it hereunder in its own name or in the name of a nominee with or without the addition of words indicating that such securities are held in fiduciary capacity, but the books and records of the Trustee shall at all times show that all Approved Securities and property howsoever held are part of the Trust Fund;
- (f) to compromise, adjust or settle any claims in favour of or against the Trust Fund and to conduct any litigation arising out of such claims.

SECTION 7.05. In the event that any Participant shall fail to perform or observe any obligation hereunder on its part to be performed or observed, then the Trustee may, and shall, when and to the extent requested to do so by a Participants' Request delivered to the Trustee, bring whatever legal action against such Participant which the Trustee, in its discretion deems necessary to compel such Participant to fulfil its obligations hereunder, provided that the Trustee shall only be required to take such legal action after it shall have been fully indemnified to its satisfaction by all the other Participants against all actions, proceedings, claims and demands to which it may thereby render itself liable and all fees, costs, charges, damages and expenses whatsoever which it may have or incur by so doing. Any amount recovered as a result of any such legal action shall form part of the Trust Fund and shall be appropriately credited to the Withdrawal Credits of such Participant, with appropriate adjustments to the Withdrawal Credits of such other Participants.

SECTION 7.06.

- (a) The Trustee may, and shall, when and to the extent requested to do so by a Participants' Request delivered to the Trustee, take all proceedings necessary to recover any moneys which may be payable by any person or company to a client on account of any Claim to which the Trustee has been subrogated as provided in Section 5.04 hereof or is otherwise entitled; the Trustee shall only be required to take such proceedings after it shall have been fully indemnified to its satisfaction by such Participants against all actions, proceedings, claims and demands to which it may thereby render itself liable and all fees, costs, charges, damages and expenses which it may incur by so doing;
- (b) in the event of any recovery by the Trustee of moneys as a result of proceedings described in Section 7.06 (a) hereof all fees, costs, charges, damages and expenses of the Trustee incurred in connection with such proceedings shall be deducted from such moneys and, subject to any other provision hereof, the balance, if any, of such moneys shall be distributed to Participants as provided in Section 7.06 (c) hereof. In the event that any moneys so recovered shall not be sufficient to defray such fees, costs, charges and expenses, the portion of such fees, costs, charges and expenses not so defrayed shall be added to the amounts payable to the Trustee under Section 7.07 hereof and shall be paid in the manner therein provided;
- (c) subject to the provisions of Section 3.08 and of paragraph (b) of this Section 7.06, all moneys recovered by the Trustee and available for distribution to Participants pursuant to this Section 7.06 shall be distributed equally among those Participants by or on behalf of whom the required payment has been made

pursuant to Section 3.02 hereof on account of the Claim on which such moneys were received and (forthwith after the Commission shall have so consented) the Trustee shall distribute by first class mail to such Participants cheques representing the entitlement of such Participants pursuant to this paragraph (c) of Section 7.06.

SECTION 7.07. The Trustee's fees for performing its duties hereunder shall be such as may be mutually agreed upon from time to time between the Commission and the Trustee, and in default of such agreement, shall be as fixed by a judge of the Surrogate Court of the County of York upon application thereto by the Trustee, and the costs of such application shall be paid out of the Trust Fund, except in the case of the Trustee, in the event that the compensation so fixed is not more than the amount thereof to which the Commission was prepared to agree. The Trustee shall also be entitled to be reimbursed for any and all costs, charges and expenses reasonably incurred by the Trustee in the performance of its duties pursuant to this agreement. All such fees, costs, charges and expenses together with the cost of the annual audit required by Section 4.07 hereof shall be deducted first from the income of the Trust Fund and in the event of any deficiency, from the capital of the Trust Fund. Fees, costs, charges and expenses of the Trustee accrued and unpaid shall be calculated on the last days of May and November in each year and shall be deducted from the income of the Trust Fund for the six month periods ended on those dates.

SECTION 7.08. The Trustee shall not exercise any discretion granted to it hereunder without first notifying the Commission of its intention to do so and giving the Commission reasonable opportunity for making any views it may have known in such respect to the Trustee prior to the exercise of such discretion.

SECTION 7.09. The Trustee shall notify the Commission promptly of any Default of any Participant; of any Claim made in respect thereof; of any failure by a Participant to perform any obligation or condition on his part to be performed or observed hereunder; and shall furnish the Commission with all such other information, records and documents in its possession in connection with this agreement and its administration of the Trust Fund as the Commission may from time to time reasonably request.

ARTICLE VIII

AMENDMENT AND TERMINATION

SECTION 8.01. The Trustee may agree to amendments of this agreement, subject to the approval of the Participants, evidenced by a Participants' consent delivered to the Trustee, and the approval of the Commission, provided however that no such amendment shall be effective to prevent the payment of any Claim which but for the amendment the Trustee would have determined to pay out of the Trust Fund.

SECTION 8.02. This Plan shall only be terminated at such time when all Participants have withdrawn from the Plan in accordance with the provisions of Article VI hereof.

ARTICLE IX

MISCELLANEOUS

SECTION 9.01. Notwithstanding any other provisions hereof, nothing herein contained shall be deemed to give any Participant any interest or right hereunder except the right to receive such payments out of the Trust Fund, if any, as may from time to time be determined by the Trustee in its discretion, or in default of the exercise by the Trustee of such discretion after one year following termination of the Plan, in accordance with the Withdrawal Credits of each Participant at the time of termination of the Plan.

SECTION 9.02. No assignment, anticipation, surrender, pledge or encumbrance of any kind of any rights of Participants or other persons to receive funds pursuant to this agreement shall be permitted or recognized under any circumstances and any such rights shall not be subject to attachments or other legal processes for debts of such Participants or other persons.

SECTION 9.03. In order to protect the Trust Fund against depletion as a result of litigation, no Participant or person claiming under or against it shall bring legal or equitable action against the Trustee or the Trust Fund for any matter or cause whatsoever, except that the Participants by Participants' Request delivered to the Trustee and the Commission may claim against the Trustee for any loss resulting from the fraud, gross negligence, or wilful misconduct of the Trustee, and in default of a satisfaction or settlement of such Claim between the Trustee and the Participants as evidenced by a Participants' Consent, any Participant may commence such action or other proceeding as it may see fit against the Trustee, but in no event shall any part of the Trust Fund be attachable or otherwise made available to satisfy or settle any such claim or judgment or other court order in respect thereof.

SECTION 9.04. All information, records and documents of any kind whatsoever about any of the Participants or any officer, director or shareholder of any thereof or relating to the business relations between the Participant and any other person at any time in the possession or control of either the Trustee or the Commission and howsoever obtained, may be freely exchanged between the Trustee and the Commission; and no Participant or any such officer, director or shareholder shall have any claim of any kind whatsoever against either of the Commission or the Trustee arising from or out of the exchange of any information by either the Commission or the Trustee or its use in good faith by either the Trustee or the Commission for any purpose hereof or of *The Securities Act, 1966*; provided that nothing herein shall constitute an obligation of the Commission to furnish or disclose any information to any of the Trustee or the Participants or any other person.

SECTION 9.05. The Trustee, or any person to whom as its representative it may in writing delegate such authority, may enter upon the premises of a Participant and examine such books, documents and records of the Participant and make copies of such books, documents and records which, in the opinion of the Trustee or its representative, are necessary to assist in determining the validity of a Claim or in the exercise of any discretion hereunder and no person is, as against the Trustee, entitled to withhold possession of the aforesaid books, documents and records belonging to the Participant or set up any lien thereon; all fees of and costs, charges and expenses incurred by the Trustee in conducting such examination shall be added to the fees, costs, charges and expenses of the Trustee payable under Section 7.07 hereof and shall be paid in the manner therein provided.

SECTION 9.06. If at any time the Trustee is in doubt as to whether or not a person is a client of a Participant and/or whether or not such a person has a valid Claim under the terms hereof, it may apply to the Supreme Court of Ontario under the provisions of Regulation 396 of the Revised Regulations of Ontario, 1960, (Rules of Practice of Supreme Court of Ontario) and any amendments thereto passed pursuant to the provisions of *The Judicature Act*, R.S.O. 1960, c. 197 and amendments thereto, for a construction of the relevant Sections hereof and directions as to whether or not the person is a Client and/or has a valid Claim under the terms hereof or the extent to which such person has a valid Claim under the terms hereof; all fees of and costs, charges and expenses incurred by the Trustee in connection with any such application shall be added to the expenses of the Trustee payable under Section 7.07 hereof and shall be paid in the manner therein provided. The decision of the Supreme Court

of Ontario as to whether or not a person is a client of a Participant and/or whether or not such a person or the extent to which such a person, has a valid Claim, shall be conclusive and binding, provided that no such decision of the Supreme Court of Ontario shall in any way affect the discretion of the Trustee to appoint or not to appoint any part of the Trust Fund in respect of such a Claim.

SECTION 9.07. Nothing herein shall under any circumstances whatsoever give any person any right, demand or claim of any kind whatsoever against or in respect of the Commission.

SECTION 9.08. Wherever an amount is recovered by the Trustee in respect of which a Participant has previously made or was liable to make but has not yet made a payment into the Trust Fund pursuant to any provision hereof, the appropriate share of the amount so recovered shall be credited to the Withdrawal

Credit of such Participant; and the action by the Trustee in crediting or re-crediting an appropriate share shall be final and binding on all Participants.

SECTION 9.09. Any notice to a Participant under the provisions hereof shall be valid and effective if given by registered letter, postage prepaid, addressed to the Participant at his last address with the Commission, and shall be deemed to have been received by the Participant when in ordinary course of post the said letter should have reached its destination.

SECTION 9.10. This agreement shall be binding upon, and, subject to the provisions of Section 4.09, 9.01, 9.02 and 9.03 hereof, shall enure to the benefit of the parties hereto and their respective heirs, executors, administrators, successors and assigns.

10.—(1) The following are prescribed as standards for the location, maintenance and operation of a landfilling site that are to be met to the satisfaction of the Minister by an applicant for a certificate of approval therefor:

1. Access roads and on-site roads shall be provided so that vehicles hauling waste to and on the site may travel readily on any day under all normal weather conditions.
2. Access to the site shall be limited to such times as an attendant is on duty and the site shall be restricted to use by persons authorized to deposit waste in the fill area.
3. Drainage passing over or through the site shall not adversely affect adjoining property and natural drainage shall not be obstructed.
4. Drainage that may cause pollution shall not, without adequate treatment, be discharged into watercourses.
5. Waste shall be placed sufficiently above or isolated from the maximum water table at the site in such manner that impairment of groundwater in aquifers is prevented and sufficiently distant from sources of potable water supplies so as to prevent contamination of the water, unless adequate provision is made for the collection and treatment of leachate.
6. Where required by the Minister, adequate measures to prevent water pollution shall be taken by the construction of berms and dykes of low permeability to isolate the site and effectively prevent the egress of pollutants.
7. Where required by the Minister, samples shall be taken and tests made to measure the extent of egress of pollutants and such measures as are required by the Minister shall be taken for the collection and treatment of pollutants and for the prevention of water pollution.
8. The site shall be located a reasonable distance from any cemetery.
9. Adequate and proper equipment shall be provided for the compaction of waste into cells and the covering of the cells with cover material.
10. Where climatic conditions may prevent the use of the site at all times, provision shall be made for another waste disposal site which can be used during such periods.
11. Where required for accurate determination of input of all wastes by weight, scales shall be provided at the site or shall be readily available for use.

12. All waste disposal operations at the site shall be adequately and continually supervised.
13. Waste shall be deposited in an orderly manner in the fill area, compacted adequately and covered by cover material by a proper land-filling operation.
14. Procedures shall be established for the control of rodents or other animals and insects at the site.

REGULATION MADE UNDER
THE EXPROPRIATIONS ACT, 1968-69

RULES OF PRACTICE AND PROCEDURE OF
THE LAND COMPENSATION BOARD

1. In these Rules,

(a) "chairman" means the chairman of the Board;

(b) "claimant" means an owner who has served or who has been served with a notice of arbitration under the Act;

(c) "municipality" has the same meaning as in *The Department of Municipal Affairs Act*, and

Except as otherwise provided by statute, proceedings before the Board for any order, decision or determination of the Board other than the determination of compensation pursuant to a notice of arbitration, shall be commenced by notice of motion called an originating notice which shall be served upon all parties affected by the order, decision or determination sought, and shall be filed with the Board and shall be returnable not earlier than seven days and not later than fifteen days after such service.

3.—(1) A notice of arbitration served by an owner as claimant for compensation shall be in Form 1.

(2) The claimant shall file with the Board proof of service of the notice of arbitration served on the statutory authority as respondent within ten days after the date of service on the statutory authority.

5.—(1) A notice of arbitration served by a statutory authority shall be in Form 3.

(2) The statutory authority shall file with the Board proof of service of the notice of arbitration served on the owner as claimant within ten days after the date of service on the owner.

6. 7. Where a claimant has served a statement of claim under Rule 6, the respondent shall within twenty days thereafter serve a reply in Form 5 on the claimant and forthwith after said service file a copy with the Board.

8. Where a respondent denies that a claimant is entitled to any compensation on the ground,

- (a) that the claimant has no interest in the land expropriated or injuriously affected;
- (b) that no compensation is payable with respect to the interest of the claimant in such land; or
- (c) that the claim of the claimant is barred by a provision in the Act or any other statute,

it must raise such denial in its reply, setting out the relevant facts and statutory provisions relied on, and unless the respondent has done so, it may not make such denial at the hearing of the arbitration without leave of the Board.

10. Except as provided in Rule 9, neither the claimant nor the respondent shall state in any notice of arbitration, statement of claim or reply or otherwise in any document filed with the Board the amount of any offer of compensation or of any payment by the respondent to the claimant under section 25 of the Act or otherwise.

14. Where a person has been appointed under section 38 of the Act to represent an owner, the opposite party may examine such person in the place of the owner or, at his option, the owner, if he is competent to give evidence.

15.—(1) The registrar shall, as soon as thirty days have elapsed after service of a notice of arbitration on the Board, send to the party who served the notice of arbitration a certificate of readiness in Form 6 in blank.

(2) Subject to Rule 6, upon being furnished with a certificate of readiness, duly completed and signed by or on behalf of all parties, the Board may of its own motion appoint a time and place for hearing the arbitration and shall mail notice of the appointment to the parties.

17. Upon receipt of the notice of appointment of the time and place for hearing the arbitration, the respondent shall at least twenty days before the hearing serve a copy of the notice upon all registered owners and also upon any person known to the statutory authority to be an owner or claiming to be entitled as an owner to any interest in the land expropriated or injuriously affected or to the whole or any part of the compensation that may be awarded pursuant to the arbitration.

18. The Board may, on application of any person having or claiming an interest as an owner in the land or in the compensation that may be awarded pursuant to an arbitration, add such person as a party to the arbitration proceedings either as a claimant or a respondent on such terms as it considers proper.

19. At the commencement of a hearing to determine compensation the respondent,

(a) where the arbitration relates to an expropriation, shall file a copy of the certificate of approval of expropriation under section 8 of the Act, the plan of the expropriated land and proof of its registration in accordance with section 9 of the Act; and

(b) shall file an affidavit proving service of the notice of appointment for the hearing in accordance with Rule 17 and that the persons served are all persons required to be served under Rule 17.

20. Subject to the rules, the procedure at the hearing of any proceedings shall be such as the Board may direct.

21. Except on such terms as the Board considers proper, no evidence may be tendered by the claimant at a hearing to determine compensation for expropriation of land of any offer to purchase the land made to him by any person other than the respondent at any time prior to the expropriation unless he has served on the respondent not later than fifteen days before the hearing, notice of his intention to call such evidence with particulars thereof.

22. A summons to a witness under subsection 4 of section 28 of the Act shall be in Form 7 and shall be issued in the name of the Board by the registrar at the request of a party and shall be served personally on the person to whom it is addressed together with the fees and allowances for his attendance as a witness as are prescribed for attendance of a witness before the Supreme Court.

23.—(1) Except where these Rules otherwise provide, any application to the Board of an interlocutory nature in connection with any proceeding shall be made in writing and shall state the style of cause of the proceedings and the grounds upon which the application is made.

(2) If the application is made with the consent of all parties it shall be accompanied by consents signed by or on behalf of the parties.

(3) If the application is not made with the consent of all parties, then, before it is made, a notice thereof shall be served by the applicant upon all other parties, and proof of service thereof shall be filed with the Board.

(4) Any party who wishes to oppose the application shall, within seven days after receiving a copy thereof, mail or deliver written notice of his opposition to the registrar and to the applicant and before making any order the Board shall consider any such opposition and if so required by any party shall give all parties an opportunity of appearing before the Board.

24. The Board may give such directions as to the practice and procedure to be followed in any proceeding before it as it considers proper to determine the real question at issue between the parties.

25. Where, in the opinion of the Board, an amendment to any document filed with the Board is necessary for determining the real question at issue between the parties, the Board may direct the amendment upon such terms as the Board in its discretion considers proper.

26. The Board may enlarge or abridge the time appointed by the rules for doing any thing or taking any proceeding, upon such terms as the Board considers proper.

27. The Board may from time to time adjourn any proceeding before it.

28. No proceeding before the Board shall be defeated or affected by any technical objection or by any objection based upon defects in form.

29.—(1) Unless otherwise ordered by the Board, the party serving the notice of arbitration shall prepare the formal order made by the Board in Form 8 and submit it to the other party for approval, and if the parties fail to agree on the form of the order, the order shall be settled by the Board.
